

Exercise #2

Understanding Differences in Costs

1. Does FP Goals calculate the impact of *all* areas?
 - Yes
 - No

2. WHY are the areas excluded (e.g., policy/advocacy, finance)? (Open ended question).

3. SHOULD the areas be included in a strategic planning exercise?
 - Yes
 - No

4. If we are planning for Kenya and we have a study that reports a unit cost of 3 for pills, can we just plug it in?
 - Yes
 - No

5. Our study reports an annual unit cost for pills in Kenya, measured using a financial perspective for a public clinic. With this further information, can we now use this directly for planning in Kenya? Why or why not?
 - Yes
 - No

6. A different study reports an annual unit cost in 2020 USD for pills in South Africa, measured using a financial perspective for a public clinic. Could we use this directly for planning in Kenya?
 - Yes
 - No
